GCSE - 12 A*-C

Canons High School

📅 2014-2017

NOTABLE PROJECTS

Finance Management System

- Financr provides a platform to manage all the finances from a single place. I developed this app for personal use and I'm still using it to this day. I've slowed down feature development on this project as it's fulfilling my needs right now, however, I'm always looking to add more features as they are needed.

Personal Website

- I've developed a personal website to showcase my portfolio and skills, similar to a CV. The website is hosted on <https://sameerali.dev>

PERSONAL SKILLS

- Communication Skills
- Working Under Pressure
- Time Management
- Problem Solving
- Leadership Skills
- Project Management Skills
- Agile Methodology
